Public Notice

ISSUANCE OF A NEW REGISTRATION PERMIT FOR WATSONVILLE WASTE AND RECYCLING DROP-OFF FACILITY # 44-AA-0010

The Department of Resources Recycling and Recovery (CalRecycle), acting as Enforcement Agency (EA) for the County of Santa Cruz; regulates the Watsonville Waste and Recycling Drop-Off: FACILITY # 44-AA-0010. The facility is located at **320 Harvest Drive, Watsonville, CA 95076**.

Watsonville Waste and Recycling Drop-Off submitted an application for a Five-Year permit review pursuant to Title 14, California Code of Regulations (CCR), Section 18104.7 and it was received by CalRecycle's EA staff on January 25, 2010. Pursuant to Title 14 CCR, Section 18104.1, operators with Registration Permits should submit either a certification that the information contained in the controlling registration permit is current, or shall file a new application with their Enforcement Agency.

The proposed change is outlined below:

As required under section 18104.1, the operator has filed an application for a new Registration Permit due to a change in Operation/Design. The changes constitute the inclusion of a one acre warehouse that will be used as a storing area for the facility equipment, additional drop boxes, and a section to be used as the tipping area. The permitted area will consequently change from 0.58 acres to 1.6 acres.

Enforcement Agency Processing Requirements:

CalRecycle's EA staff received the registration permit application on January 25, 2010 and; found the application to be complete and correct on February 17, 2010. EA staff found the facility to be in compliance and have determined from a site inspection on March 16, 2010, that no changes have occurred that would warrant a change in regulatory tier.

A copy of the application and the supporting documentation are available for public review by appointment in the EA's office located at 1001 I Street, Sacramento, CA 95812. Written comments may be submitted to CalRecycle (EA) as listed below.
